You know those days when you know you look amazing but the camera keeps thinking differently? When you look far worse in photos than in the mirror? Those days actually have a name: they're called "everyday"—because the camera lens makes you look different than the lens of human eyes. You usually look rounder, less defined with worse skin through the camera lens. And what's worse is people—even the "nice" ones—judge you in your photos all the time. Our transparent photography foundation is designed specifically to make your skin look better for the camera lens while blurring away imperfections in real life. # KELLY'S CUSTODY HEARTBREAK

**ACTRESS KELLY RUTHERFORD IS DEVASTATED AFTER A JUDGE RULES SHE MUST RETURN HER KIDS TO HER EX IN MONACO**

After a blissful summer with her two children, **Kelly Rutherford** is feeling the burn. The embattled actress is reeling from a decision made by a New York judge on Aug. 11 to send son **Hermes**, 8, and daughter **Helena**, 6, back to their father in Monaco.

This ruling is just the latest chapter in the bitter custody saga between Kelly, 46, and her ex-husband **Daniel Giersch**, 41, who split in 2008. The arrangement became especially thorny in 2012, when Daniel's U.S.

Kelly has been contesting the decision ever since, and it all came to a head on Aug. 6, when she failed to return the kids to Monaco as she and Daniel had arranged. By this point, courts in both California and New York had denied jurisdiction over the case, so Kelly claimed that no entity in the U.S. could force her to put the kids on a plane to France.

Daniel quickly accused Kelly of kidnapping their children — a claim that's not out of line, according to legal expert Rong Kohtz, a New York City-based international custody attorney: "Strictly speaking, she engaged in parental

work visa was revoked, prompting a judge in California (where Kelly lived at the time) to rule that the children should reside with Daniel in Monaco, where Kelly would have visitation rights.

abduction." And when she defied an order to bring Hermes and Helena to the Aug. 11 hearing, the angry judge ruled that they be flown back to Monaco immediately.

**Daniel — with Helena and Hermes in France in June — has had sole custody since 2012. His attorney Ira Garr says, "They are two happy, well-adjusted kids."**

## NEVER GIVING UP

Kelly is "beside herself" over losing the children again, says a source close to the actress. "She's been fighting for years and even had to declare bankruptcy because of the legal fees. She isn't giving up, though." Up next: a hearing on Sept. 3 in Monaco. Says the source: "Kelly will stop at nothing to win custody."

# INSIDER

TV executives love that Amal is a big name who's also highly respected in her field.

## NBC TO AMAL: YOU'RE HIRED!

**S**tart working on a catchphrase, Amal! Sources say that NBC executives, scrambling to replace *Celebrity Apprentice* host **Donald Trump** as he departs to focus on his presidential campaign, have centered their search on one person: **Amal Clooney**. While it may seem an unlikely career shift for the human rights attorney, an insider says “she’s actually considering it.” In the pro column: The show films in New York City, where Amal is a visiting professor at Columbia Law School, and she and hubby **George** love to hit the town. (For his part, George is said to be all for the move, with the insider noting that he wants her to “conduct her professional life as she pleases.”) While network bigs are keeping other candidates in mind, one reportedly dished to the press, “We want Amal. We think she could be the perfect fit.” The show averages some 7 million viewers, but the exec added they’re betting even more will tune in to meet Mrs. Clooney: “There’s still an air of mystery about her.”

Other people on NBC's shortlist include Facebook CEO Sheryl Sandberg and Jessica Alba, who runs the billion-dollar biz The Honest Company.

# CHRIS' LONELY NIGHTS

Chris' wife, Anna Faris, "thinks it's a little odd that he's been lurking online late at night," says an insider.

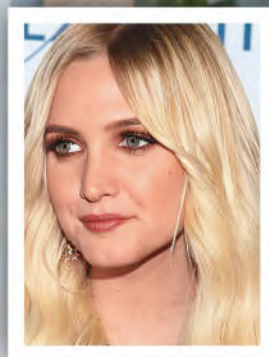

Some actors get into trouble because of too much late-night partying, but **Chris Pratt** has been raising eyebrows lately for his after-midnight social media activities. Just before 1 AM on Aug. 2, Chris, asked Facebook fans to design a new profile image for him and offered to reward the winner with "a free dinner at Applebee's or something." An insider says friends worry he's losing his marbles — "He's been staying up trolling the web at all hours, which is not like him" — but that Chris has assured them everything's fine: "He says he's just a night owl and loves reaching out to fans."

# CHARLIZE BREAKUP IS A DRAG

When the going gets tough, Charlize Theron lights up! While the actress is thrilled to have adopted a second child last month, a source says her June split from Sean Penn has been so hard on her that she's been puffing away on as many as two packs of cigarettes a day. "Charlize is always talking about quitting," an insider says. "In fact, it's a rule that no one can smoke around her kids. But since she and Sean broke up, she's been smoking like a chimney." Doing reshoots on *The Last Face* with her ex, who's directing, didn't help. "She's coughing a lot and looks haggard," the source says, "but no one's giving her a hard time over it yet." As long as she stays wrinkle-free, we're sure no one in Hollywood will mind.

Charlize squeezes in a snack-and-smoke break on the set of a photo shoot.

# ASHLEE TO JESS: STOP WORKING OUT!

Not every one is loving **Jessica Simpson's** superslim shape. Her sister **Ashlee** thinks Jess is taking her hard-core workouts too far, and wants her to cut back before she loses her femininity. "Ashlee thinks Jessica is getting so muscular she's starting to look like a drag queen," an insider says. While the elder Simpson claims to have slowed down lately, the insider says she seems as obsessed as ever with her body. "Jess is so rigid about her diet, all she'll eat is steamed or raw veggies and grilled fish or chicken," the source notes. "And when Ashlee was pregnant, Jessica nagged her about her food." Live a little, Jess!

# RIHANNA'S PARTY POOCH

**W**ho doesn't love to let it all hang out on vacation? **Rihanna** is no different, as pics from her recent trip to her home island of Barbados prove. The fun-loving singer was repeatedly snapped with drinks in hand on the beach, and her normally taut tummy even looked like it had a touch of extra padding! "Rihanna has been drinking a ton, and margaritas are her favorite," says a source. "She doesn't care that it's making her curvier — she says guys love it." But friends are worried that RiRi's boozing will have worse effects than belly softening. "Going several days in row with alcohol as your primary source of calories is not good for your health," says the source. And considering that Rihanna's father, Ronald Fenty, has battled alcohol and drug problems for years, pals fear she could suffer the same fate if she's not careful. "Rihanna doesn't know when to stop," says a source. Head for dry land, RiRi!

Rihanna partied and soaked up the sun in Barbados during the weeklong carnival festivities.

## AMY TO JLAW: I'M BITING YOUR STYLE!

**Amy Schumer** wants to take her friendship with **Jennifer Lawrence** into the closet. The comedian, who recently joked that she looked like Jennifer's "coach" as they posed together on a Hamptons beach outing, wants to ditch her frumpy duds for JLaw's high-fashion looks — and even asked Jen if she would share her stylist! "While Amy doesn't shy away from poking fun at herself, she also wants to look beautiful, just like every other leading lady," an insider explains. Lucky for her, Jen was happy to oblige. "Most actresses are too competitive to help someone look better, but not Jennifer," the insider says. Will Amy repay her in one-liners?

Amy wants to dress more Old Hollywood glam, with pieces by top designers.

## ADELE'S VEGAS COMEBACK

Will **Adele** go from hiding out in the U.K. to holing up in Sin City? Her long-awaited third album is set to drop later this year, but while most artists tour to support a new record, the reclusive singer loathes life on the road and is all the more resistant to it now that she has her son, **Angelo**, 2. Instead, a source says, she's seriously considering a Las Vegas residency, à la other famous moms **Britney Spears** and **Mariah Carey**. "At first, she dismissed the idea as cheesy," says a source, "but she's starting to see the pluses."

Adele is in talks to be the inaugural performer at the \$375 million MGM-AEG arena in Vegas, set to open in spring 2016.

# COUPLES NEWS

Despite rumors of a nasty divorce, a source says Hilary and Mike “seem to have reconciled.”

Hilary  
& Mike

# BACK ON?

A source says Hilary and Mike “didn’t care who was watching” their cozy breakfast at the Fountain Coffee Room of The Beverly Hills Hotel.

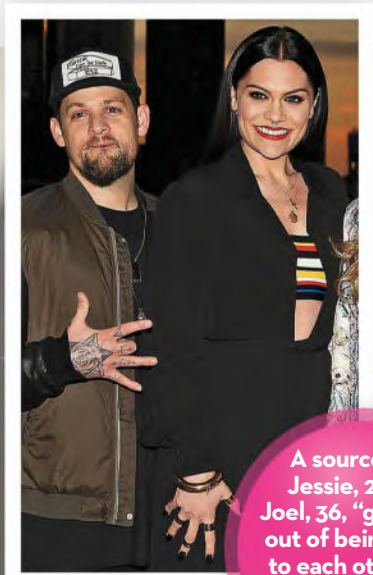

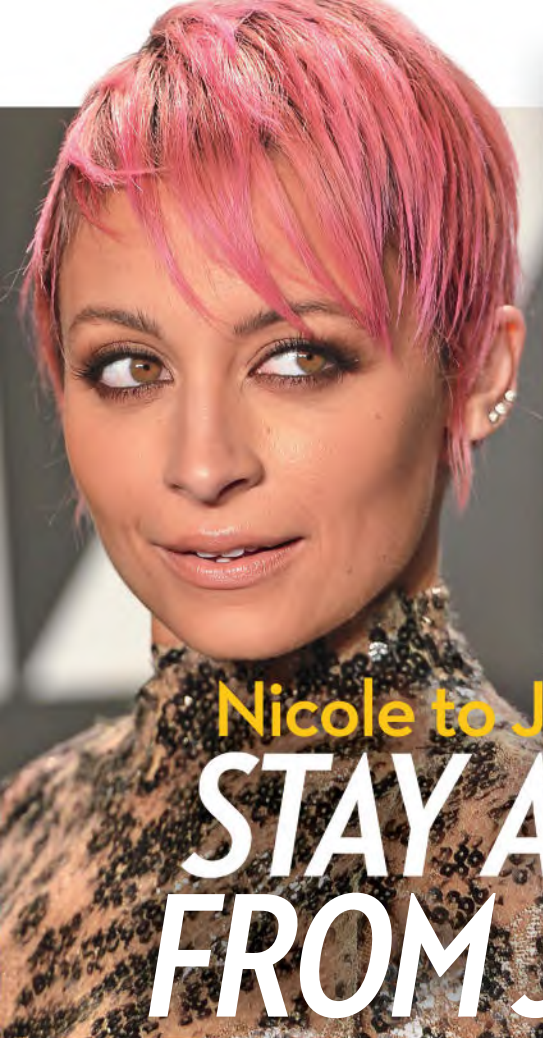

**A**fter filing for divorce from **Mike Comrie** in February, it seemed **Hilary Duff** had moved on; she even joined the dating app Tinder. But on Aug. 8, a spy spotted Hilary and her estranged husband at The Beverly Hills Hotel — and it didn’t look like a business meeting. The actress’ rep denies it, but the witness says, “Hilary and Mike were very affectionate, openly kissing and touching. Their son wasn’t with them. It seemed like more of a date.”

In January 2014, after three and a half years of marriage — and a reported 18 months in couples therapy — Hilary, 27, and Mike, 34, announced their separation. A year later, amid reports that the retired NHL player had propositioned two women for sex (offering money to one) and hassled staff and patrons at Mastro’s restaurant in Beverly Hills, Hilary pulled the plug on the relationship. The pair remained friendly at first, throwing a birthday

party together for little **Luca**, 3, in March. But by April, they were disputing custody of the boy, and rumors flew that things had turned ugly between them.

Clearly not so, our witness says: “It seems to be the opposite. They looked happy and in love — she was giggling while he played with her hair. They seemed very relaxed and comfortable with each other.” Maybe the inspiration behind Hilary’s new love song, “Sparks,” was Mike?

A source says Jessie, 27, and Joel, 36, "get a kick out of being mean to each other" on the show and have been hanging out off set.

**W**hat happens Down Under stays Down Under? Not for **Joel Madden!** The rocker and a fellow judge on *The Voice Australia*, **Jessie J**, seem like bitter rivals onscreen, but an insider says their bickering is concealing obvious sexual tension — and it's causing trouble in Joel's marriage. "Joel and Jessie are very flirty behind the scenes," the insider says. "She enjoys teasing him, and he gives as good as he gets." It may be harmless for now, but when news of the costars' chemistry made it to **Nicole Richie**, 33, in L.A., she flipped. "Nicole was very upset," says a pal. "She demanded Joel steer clear of Jessie, but he accused her of overreacting. It's caused a few fights between them."

## BURNED BY JAMES

**Mariah Carey** had no problem hanging with her boyfriend **James Packer**'s ex-wife **Jodhi Meares** while the new couple vacationed in Cannes in June. But after James, 47, took Jodhi, 44, to a charity dinner in Australia on Aug. 1 — and she quoted a poem on Instagram hours later, alluding to feelings for an old flame (it begins: "I will remember the kisses, our lips raw with love...") — a humiliated Mariah, 45, flew into a jealous rage. "Mariah thinks Jodhi is trying to make her think they're still in love," a source says. "She told James in no uncertain terms that she doesn't share."

James was married to former model Jodhi from 1999 to 2002.

## PINING FOR HIS EX

He's a relationship gladiator! **Russell Crowe** has been separated from wife **Danielle Spencer** for three years, but he isn't giving up. The couple have had a rocky run: they dated and broke up in 1989, reconciled in 2001 and wed two years later, their nine-year union marred by rumors he cheated. Now Danielle, 46, is pushing for a divorce. "She wants to end on civil terms," a friend says. But Russell, 51, "refuses to lose her again." He still wears his ring and "accepts full responsibility for the split," the pal says, but the outlook isn't good. "I doubt she'll ever take him back."

# Miranda & Evan READY TO WED!

**T**hey say you can't hurry love, but **Miranda Kerr** and Snapchat CEO **Evan Spiegel** beg to differ. Despite the fact that they've only been dating for a month — and their eyebrow-raising seven-year age difference (she's 32, he's 25) — a Spiegel family friend, who saw the couple at a graduation party for Evan's sister, says they're "more serious than anyone knows." The pal describes the tech exec as mature beyond his years, noting that he's already bonded with Miranda's son, **Flynn**, 4. "They're very close," the source says. "Flynn even made a speech at the party, saying that he loves Evan and thinks of him as a dad." In fact, on July 19, Evan was spotted buying a car seat in Santa Monica, presumably for little Flynn! "The family was skeptical at first," the friend says, "but Miranda makes Evan so happy, they've embraced her. They think he's going to propose soon." Sounds like this wedding will be a snap!

"Evan has never looked so smitten," says a source close to the Snapchat CEO, who saw him with Miranda at a family party.

"They hang in Liam's trailer for hours," the insider says, adding that the pair looked cozy at a Fourth of July party thrown by the film's director. The source says Liam, 25, "doesn't want a fling — he wants to start a family like his brothers." And while he's trying not to scare off Maika, 22, the insider adds that he's telling pals she may be The One: "He's been shy about expressing his feelings to her, but he's in love."

## Nick's PLAYER NIGHTS

**Nick Jonas** has so many ladies these days, it's hard to keep track! Since splitting from **Olivia Culpo** two months ago, Nick, 22, has been linked to **Kendall Jenner** and singer **Tinashe**. Now, OK! has learned, he spent a sexy night with fitness model **Katya Elise Henry**, 21, at Las Vegas club *Drai's After Hours* on Aug. 2. A witness says that though Nick was surrounded by girls, he had eyes only for Katya: "They sat knee to knee and whispered all night." The flirty pair left at 5:30 AM and were spotted at a pool party together the next morning. Olivia who?

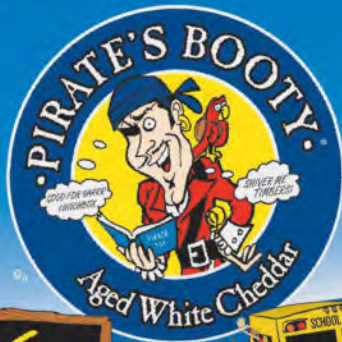

"Nick and Katya definitely looked like a couple," a witness at *Drai's* in Vegas says.

## PARTY DOWN SOUTH

Ben and Jen looked at ease during a family day out in Atlanta on Aug. 8. "Ben wants to be a better man for his family," says a source, "and if taking their relationship to the brink is what's making it happen, Jen says perhaps it could be for real."

AFTER ANNOUNCING THEIR SPLIT, **BEN AFFLECK** AND **JENNIFER GARNER** ARE STILL FIGHTING FOR THEIR MARRIAGE

# RECONCILED!

A funny thing happened on the way to **Ben Affleck** and **Jennifer Garner**'s divorce: The exhausted Hollywood couple, who announced their split in July after a torrent of divorce rumors — and *OK!*'s story breaking the news — took a turn on the road to reconciliation.

"This whole mess has made Ben realize he doesn't want to lose his family," says a source about the *Batman v Superman: Dawn of Justice* star, who's been spending time in Atlanta, where Jen is shooting the film *Miracles from Heaven*. "In Atlanta, Ben asked Jen if there was anything he could do to save the marriage. The trust isn't there for her right now, but she left the door open."

## MENDING FENCES

Ben and Jennifer, both 43, weathered long stretches of turmoil throughout their decade-long marriage. If it wasn't Ben's gambling habit — a passion so deep-seated, it got him banned from Las Vegas' Hard Rock Hotel & Casino last year for counting cards at blackjack — it was his workaholic ways, indiscreet flirtations and late-night partying. Recently, Ben's rumored dalliance with the family nanny, **Christine Ouzounian**, 28, was said to have left Jen humiliated and deflated.

But well before Ben's latest bout of bad behavior, Jen struggled with having to be the strong, responsible, hands-on rock for their kids, **Violet**, 9, **Seraphina**, 6, and **Samuel**, 3. Even

## THE NANNY DIARIES

After pics surfaced of Christine Ouzounian on Ben's private jet during a trip to Las Vegas sans Jen or kids, Jen promptly fired her. And now, in light of their plan to reconcile, Ben and Jen have joined forces to make her disappear. "They're contemplating paying her \$500,000 to stay out of their lives," says a source. You just can't find good help anymore!

## WITH LOVE AND AFFLECK-TION

1. Fresh-faced and twentysomething, Ben and Jen glowed at the 2003 premiere of *Daredevil*, the flop of a film that ignited their romance. 2. The still fairly new couple foretold a domestic life to come on a grocery run in 2005. 3. With Jen sporting a baby bump, she and Ben got hitched in a private island ceremony in Turks and Caicos on June 29, 2005. Her gigantic engagement ring would continue weighing down her left hand for a decade. 4. Officially in the honeymoon stage and preparing for Violet's debut, Ben and Jen looked like giddy teens post pep rally following a Fourth of July dinner.

2

3

Ben admitted he was less invested in his family's harried demands than his wife. "I am not very present in the [domestic part] of my life," he told *Details* magazine in 2012, adding, "My wife's very patient. She does everything. If I have time, I try to spend time with the kids, even if just to be a physical presence, the bath, whatever. But my mind's always going, 'How are we going to light that shot tomorrow?'"

And yet, even while on different schedules and tending to different priorities, Ben and Jen always seemed to agree on one thing: their marriage was worth fighting for. While accepting his Best Picture Oscar for *Argo* in 2013, Ben famously referred to his marriage

as "work," albeit the "best kind of work." While many onlookers were shocked that he would call Jen out in such an unromantic way (on Oscar night!), she seemed unfazed; a dogged mutual effort, it seemed, had long been the foundation of their relationship. "I think [Ben] was saying, Look, what we have is really real," Jen later explained, "and I value it above all, and I'm in it with you and I know that you're in it with me."

She seemed similarly pragmatic when admitting that their marriage didn't necessarily feed on movie-worthy romance. "You can't expect to be courted all the time, and I don't want to court him right now; I don't have the energy!" she said. "But we're definitely

in a very mindful place where we're making an effort to be together, do things at the same time, and be loving." Or, in other words, put in the work.

And just before the divorce announcement, Jen admitted that getting pregnant so soon after she started dating Ben — and before their 2005 wedding — accelerated their dive into parenthood, and not necessarily for the best. "You have to just hang in there while you figure it out," she said. "And have a lot of patience for each other."

So now, even after Jen's well of patience had seemingly run dry, sources say it's not exactly a surprise that, given Ben's desperation, she's considering "hanging in there" all over again.

5. The chronic-double-dater crew, including Jen, Ben, Matt Damon and his wife, Luciana Barroso, had been firmly established by 2007, when the foursome hit the waves on a joint vacation in Hawaii. 6. Two kids later, Ben was in full dad mode as he and Jen accompanied Violet to soccer practice. 7. Back to the Hawaiian surf they went, revisiting their happy place in 2011 with a gleeful Violet. 8. Ben and Jen continued to expand their brood, with Jen heavily pregnant with Samuel in February 2012. 9. Ben offered up a touching smooch on a 2012 cake-decorating outing with Seraphina in West Hollywood. 10. Their marriage in trouble, Jen still supported Ben when he testified before the Senate on diplomacy and national security in March.

THEY FEEL MORE COMFORTABLE IN EACH OTHER'S COMPANY THAN THEY HAVE IN A LONG TIME

"Coming out with their divorce news has, oddly enough, been cathartic for them," says an insider. "They've been having to hide everything and play nice for what seems like an eternity. Now that it's all out in the open, they feel more comfortable in each other's company than they have in a long time."

Indeed, they looked happy and calm on a recent family day out in Atlanta. Both sported their wedding rings and easy smiles — mere days after nanny gone bad Christine posted pics flaunting an expensive new Lexus and a paparazzi pic of herself in L.A.

"Jen couldn't believe that Ben could be so stupid as to get involved with the nanny," says an insider. "But she actually

isn't angry. She's just humiliated for the family. She told him that since they were separated at the time, he could do what he wanted, but it was upsetting that he chose to spend his downtime with the nanny instead of with his kids, or making an effort with her."

But Ben's apathy seems to be a thing of the past. "He's vowed to stop drinking and gambling and to be more present," says a source. "Jen says she'll believe it when she sees it, but she's put the divorce on hold for now to give him one last chance. She's hoping they can repair their friendship and trust and that their marriage will follow. She says they love each other too much to give up just yet."

# FORGING A FRIENDSHIP

AFTER A ROCKY FEW MONTHS, **KRIS** AND **CAITLYN JENNER** FINALLY MAKE AMENDS

While **Caitlyn Jenner's** gender transition was seemingly met with the loving and open-minded support of all the Kardashian children, **Kris Jenner**, to whom Caitlyn was married for 23 years, has been slow to come around.

But sources say that during the last few weeks, Kris, 59, and Caitlyn, 65, have shocked everyone by reviving their relationship — one that, indeed, looks like it could be the start of a beautiful friendship.

Over a weekend's worth of celebrations for their daughter **Kylie's** 18th birthday (Aug. 10), including dinners in Malibu and L.A., Kris and Caitlyn looked like old friends, fluidly adapting to a new normal.

"They actually had an amazing time together," says an insider. "They were drinking and even danced near each other. **Kim's** been pushing them to reconcile, but there's been so much bitterness. This was the first time since Caitlyn's transition that they actually had

a good time together. Actually, it was the first time in years."

## MOVING FORWARD

When Caitlyn announced her intention to transition to female, Kris said she was blindsided, left to hopelessly "mourn that relationship." But Caitlyn's version of events was drastically different. She told *Vanity Fair* she'd been upfront with Kris for decades about her hormone therapy. Kris admitted she was aware of Caitlyn's cross-dressing yet insisted, "Nobody mentioned a gender issue."

Caitlyn went on to claim Kris had "mistreated" her for years following

the success of *Keeping Up with the Kardashians*. Though the spotlight was on Caitlyn, Kris was under fire for the kind of partner she'd been. Says a family source, "Kris was upset. She didn't like how Caitlyn was promoting herself and felt like she got thrown under the bus."

But a few weeks later, following the July 26 premiere of Caitlyn's docuseries, *I Am Cait*, Kris visited Caitlyn at her Malibu pad with the hope of mending fences. "They spent more than three hours talking," says an insider. "Caitlyn

apologized for the way she painted Kris in *Vanity Fair* and for years of keeping secrets. Kris was floored. She says Caitlyn is more open and honest than Bruce ever was. It's a new era." **OK!**

## BODY BY KRIS

"Kris won't admit it, but seeing Caitlyn look so amazing as a new woman has brought out her competitive side," says a source, who explains that the initial press about Caitlyn sent Kris into a tailspin.

"She was miserable, so she was drinking a lot and eating poorly. She gained weight. But now she's determined to get back into shape. She's not going to let herself go when Cait looks so

foxy at 65!"

It's not Prada the devil is wearing these days — it's The Row, **Mary-Kate** and **Ashley Olsen's** acclaimed high-end clothing and accessories line. If a class-action lawsuit filed in Manhattan Supreme Court is to be believed, the entrepreneurial twins, 29, have hosted a full house of disgruntled interns at their fashion label who allege they were exploited and heaped with grueling, thankless tasks. They also — and this may be more to the point — reportedly claim they performed duties similar to those of paid employees, for which they received neither money nor academic credit.

### RISKY BUSINESS

The lawsuit, on behalf of some 40 past and present interns, was filed against the Dualstar Entertainment Group, a company Mary-Kate and Ashley founded in 1993, when they were 6-year-old stars of the popular sitcom *Full House*, to create a wealth of products branded in their names. In more recent years, Dualstar became the parent company of their fashion lines The Row and Elizabeth & James. Lead plaintiff **Shahista Lalani** worked for the head technical designer of The Row for five months in 2012, and she has described putting in 50-hour weeks, running personal errands and even being hospitalized for dehydration after lugging trench coats into Row factories in 100°F heat.

"I was doing the work of three interns," she has said. "You're like an employee, except you're not getting paid. They're kind of mean to you. Other interns have cried. I'd see a lot of kids crying doing coffee runs, photocopying stuff." Her direct boss, she said, "was very demanding... I was talking to her all day, all night. Emails at nighttime for the next day."

### COMPANY WOMEN

Lalani admitted she had little direct contact with Mary-Kate and Ashley — she saw them sometimes at

meetings and found them to be “really nice people” — but it’s their company and its policies that are ultimately on the line. Lawsuits aimed at internship programs have generated big news and even bigger settlements in recent years, because “many employers don’t understand the rules surrounding the use of interns,” says attorney Jed Marcus, chair of the labor and employment practice group at Bressler, Amery & Ross P.C., in New Jersey. “Basically, the law says you can use interns without payment if the experience benefits the intern only and does not benefit the employer. Interns doing productive work have to be paid at least the minimum wage.”

## DAMAGE CONTROL

A spokesperson for the Olsens’ company has called the lawsuit’s allegations “groundless,” stating that Dualstar “is committed to treating all individuals fairly and in accordance with all applicable laws” and that the company

“will vigorously defend itself against plaintiff’s claims in court.” Behind the scenes, a source close to the mogul twins — who have a combined net worth of \$300 million — says they are in full damage-control mode, eager to deal with the situation as quickly and quietly as possible.

“Ashley and Mary-Kate take their brand very seriously,” the insider says, “and they have no intention of letting anyone tarnish it. They’ve been in the public eye since they were toddlers, and they understand how to protect their privacy better than most celebrities. They’re determined to get this case dismissed or settled with as little fanfare as possible. If they get their way, the whole issue will soon disappear from the headlines.” **OK!**

## FULLER HOUSE HOLDOUTS!

In another headline-making disappointment, Mary-Kate and Ashley (here in 1993) have thus far declined to join next year’s revival of *Full House* on Netflix. “Sad that a few don’t share the rest of the cast’s opinion,” posted John Stamos, who also tweeted, “#heartbroken.”

## ELLEN DEGENERES

## LAMAR ODOM CONFRONTS EX-WIFE KHLOÉ KARDASHIAN ABOUT HER NEW MAN

**T**hey finally signed their divorce papers last month — after more than 18 months of indecisive limbo — but passions still run high between **Lamar Odom** and **Khloé Kardashian**. And early in the morning of Aug. 12, when they were spotted arguing outside a Beverly Hills SoulCycle studio, things got so heated that an eyewitness asked Khloé if she wanted the police called.

But *OK!* has learned that the encounter didn't go down quite the way it was widely reported, with Lamar, 35, stalking and ambushing his former wife, 31. Rather, a source reveals that the exes had arranged

to meet nearby for a heart-to-heart beforehand, and it wasn't until the discussion became heated and they began to part ways that "all hell broke loose" on the street, as the witness put it, with Lamar screaming and Khloé jerking away from his hand, yelling, "Get off of me, stop, stop!"

"It's not like him to get angry like that," says a source close to Lamar. "He's done some stupid things in his time, but he's not violent or ill-tempered. He was outraged and couldn't contain it."

### HOPES ARE DASHED

The source of Lamar's rage? Khloé's high-profile romance with 25-year-old **James Harden**, an NBA star on the rise (unlike Lamar, who's now

an unsigned free agent) — and a player off the court as well. "The relationship is a slap in the face to Lamar," says the insider. "He and Khloé essentially broke up because he was cheating, and now she's with a man who's notorious for being a womanizer! Lamar told her, 'He's worse than I ever was,' and Khloé couldn't take it. She called him a hypocrite and told him to back off."

The incident comes at a bad time for Lamar, who's been living in Las Vegas and working on his health, "in part to keep Khloé in his life," says the source. It gives him hope that she still speaks fondly of him, telling a reporter recently, "I miss him every day." But now her romance with James "is tearing Lamar apart," the insider adds. "He feels like this upstart came out of nowhere and stole his life."

He's now so angry, in fact, that he may write a tell-all book. "He's got some real dirt on the Kardashians," says the source. "It's not something he would have considered before, but his career and love life are in tatters, and he feels he's got nothing to lose." **OK!**

# PLASTIC SURGERY SECRETS

A LONGTIME SURGEON TO THE BRITISH ROYAL FAMILY — JUST CALL HIM DR. X — PLANS TO SPILL ALL IN A NEW BOOK, AND WE'VE GOT THE NIP/TUCK DETAILS!

## KATE'S NOSE JOBS

She's a lady of the people, even though she's made it a little easier to look down her nose at them. (Joking!) The world's most popular royal, the **Duchess of Cambridge**, 33, has had two rhinoplasty surgeries, says an insider who's read Dr. X's book (which the palace is trying to block from being published). "The first was a graduation present to herself [in 2005], and it wasn't Dr. X's work," says the source. "It was off-kilter with her other features, so adjustments were made in 2011 that made a real difference to the symmetry of her face." More recently, the mother of two had a minor breast lift, adds the insider. "She didn't increase size; she just wanted to look as perky as she did prechildren. The only other thing she's talked about is working on the dark circles under her eyes, but the doctor says that's quite a ways off for Kate."

## WILLIAM'S BALDNESS BATTLE

Prince William, 33, "is paranoid about his hair loss," says the insider, and after a surgeon discovered a possible link between Botox injections in the scalp and hair regrowth, "William was keen to give it a go, even though Dr. X didn't support the theory." Sure enough, there was no improvement, and Wills stopped treatment, the source says, adding, "He also asked the doctor about hair plugs, but he knew that would be frowned upon by the Queen."

## CAMILLA'S TUMMY TUCK

While shedding for her wedding to Prince Charles in 2005, the **Duchess of Cornwall**, now 68, had liposuction and a tummy tuck, says the insider. The procedures resulted in "a lot of pain and swelling; she was in agony if she turned or stretched, and she was in a panic that it might affect the wedding plans," the source adds. "Fortunately, they initiated some rehab that got her back on track." Plus if you wear a funky hat, no one will even pay attention to your tummy.

Camilla had a flabbier figure in 2004 (left), prior to her wedding.

"Kate always had a bit of a complex about her nose," says a source; two surgeries resculpted the original (left) to princess perfection.

## FERGIE'S FACE-LIFT

Talk about getting cheeky! When **Sarah, Duchess of York**, was married to **Prince Andrew**, her struggle was with her weight ("She had regular lipo sessions," says the insider). But at 55, Fergie is focusing on a younger-looking face. "She's had Botox, fillers and laser treatments," says the source. "Dr. X also suspects she had a mini face-lift in recent years, and she's probably due for another. Don't be surprised if she disappears and emerges fresher!"

## BEATRICE'S BODY SHAPING

Drink the tea – but hold the crumpets! After enduring criticism of her bikini bod in 2008, **Princess Beatrice of York**, 27, dropped 30 pounds and even ran a marathon. But it's been rumored that she had a gastric bypass in 2012 to help maintain the weight loss. "Dr. X didn't do the procedure; it's outside his expertise," says the source. "But he did discuss options with her, including liposuction. She said she was nervous about blowing up like her mother [**Fergie**] did." Beatrice and sister **Princess**

**Eugenie**, 25, also had "very discreet" nose jobs "at the same time," adds the insider. "Nobody in the family knows!"

Beatrice (in 2004 and, far left, in 2012) had seen her mother's weight yo-yo, and "she wanted to keep hers under control," says an insider.

## DIANA'S WRINKLE REMOVAL

Fifteen unhappy years of marriage would give anybody a frowny face. So, shortly before her tragic death in 1997, at age 36, **Diana, Princess of Wales** decided to do something

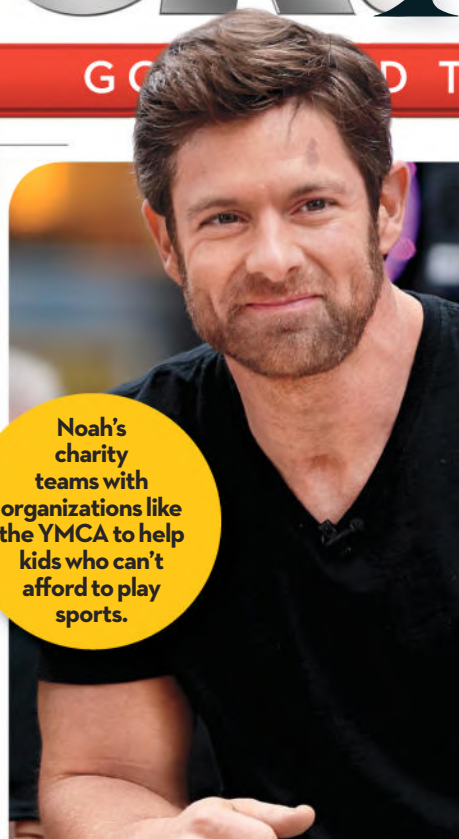

about it. Though Botox would not be approved by the FDA for cosmetic use until 2002, Diana was an early adopter, the insider says. "It was experimental at the time – but she knew all eyes were on her, and she was obsessed with maintaining a youthful look," the source notes. "It's well known in plastic surgery circles that she had injections during the six months before she died."

"I've always wanted to be in charge of where I'm headed and to be the master of my fate," Amber says.

SHE QUIT SCHOOL AT 16 AND LIED ABOUT HER AGE TO GET ACTING GIGS. SO FAR, IT'S WORKED OUT PRETTY WELL FOR **AMBER HEARD**

AMBER'S

*Rebel*  
HEART

utspoken, bisexual and fiercely independent, **Amber Heard** leads an adventurous life. “I’ve

always been a very curious person,” says the 29-year-old native of Austin, Texas. “It’s the quality I think draws some people to me.” It certainly intrigued her husband of seven months, **Johnny Depp**, 52, who’s famous for his own unconventional attitudes. The couple, who met while filming *The Rum Diary*, will reunite onscreen in *London Fields*, one of several movies that will showcase Amber’s skills in the coming months. She opens up about marriage, independence and staring down 30.

**You were a teenager when you started acting. What intrigued you about it?** At first, acting and modeling enabled me to escape living in the middle of nowhere in Texas. I felt trapped; I was desperate to travel and explore the world. Acting was also a way of reaching deeper inside my head and a means of observing others, understanding how people behave and the relationships we form.

**Has married life changed you at all?** I’m very happy. I don’t think your sense of who you are changes that much when you’re in a relationship or marriage. What’s beautiful is that you’re able to learn more about another person, and that’s a fascinating process.

**You’re also hitting your career stride these days.**

I’m looking for interesting projects where I don’t have to play the sexy girl and have some psychological layers to explore. I’m very lucky to work with actors like **Eddie Redmayne** [in the forthcoming biopic *The Danish Girl*], **James Franco** and **Christopher Walken**. You experience a tremendous sense of satisfaction, and it helps you raise your game as well.

***The Danish Girl* is about a 1920s man who was one of the first people to have gender-reassignment surgery. What character do you play?** I play Oola Paulson, a ballet dancer who was one of the very few people who wasn’t afraid or shocked by Eddie’s character’s transformation. A film like this can break down a lot of taboos and misconceptions, and I’m very proud to be a part of it.

**You turn 30 next year. What are your thoughts at this point in your life and career?** I can’t wait to turn

## STEAMING UP THE SCREEN

**MAGIC MIKE XXL**  
She plays a photographer who dallies with Channing Tatum in this sequel.

**THE ADDERALL DIARIES**  
She stars with James Franco in a drugs-and-murder drama.

**WHEN I LIVE MY LIFE OVER AGAIN**  
She sings as the daughter of crooner Christopher Walken.

30! Every year that goes by, I feel better about who I am and my perspective on my life. It’s a good feeling. I like to think I’m part of a generation that defies rules and expectations and traditional kinds of thinking.

OK!

Sparks flew on the set of 2011’s *The Rum Diary* (right), and the couple married in February 2015.

## Sharing the Spotlight

Amber and Johnny are a very private couple, but they have shared some insights on what makes their love story work. “Marriage hasn’t changed anything between us,” Amber says. “We’ve been together for several years now, and we know each other very well and enjoy our time together.” For his part, Johnny — who never tied the knot with his ex **Vanessa Paradis** — has gushed that Amber is “sharp as a tack. A Southern belle and sweet as can be... and very good for me.”

# VALERIE BERTINELLI'S AVOCADO *Open-Face Sandwich*

In 2012, *Hot in Cleveland* star **Valerie Bertinelli** lost 40 pounds through Jenny Craig and published *One Dish at a Time*, her cookbook featuring healthy, portion-conscious recipes. Now the actress is taking her passion for food to TV with a new show on Food Network, *Valerie's Home Cooking*. Here, she shares her take on trendy avocado toast, which she says is "light, fresh and filling — perfect after a tough morning workout." Will all the recipes on her show be healthy too? Some more so than others, she says: "I am still finding that balance in my life."

This summer, Bella headed to the charming seaside town of Watch Hill, R.I. ("just so beautiful," she says), with her boyfriend **Gregg Sulkin** and pals for a little R&R. She shared her must-pack items and the group's itinerary so you can steal this trip! In the suitcase: Loli swimwear, Chanel sandals, her Nikon camera and sun protection gear — a Yankees cap and sunblock. "It's very important, especially if you're hanging out outside," she says. ## STAY-SLIM SECRET

A healthy diet is a must if you want to shed those last few pounds — and keep them off heading into the chillier months. SlimFast can help, with delicious shakes and smoothies — packed with protein, fiber, vitamins and minerals — that help to control hunger for up to four hours. Use them as meal replacements, fast-and-easy snacks or to help you refuel postworkout. Available at Walmart and other retailers. For more info, visit [SlimFast.com](http://SlimFast.com).

But bikini season may be winding down, but that doesn't mean it's time to stop paying attention to your body. Maintaining a toned backside will help you look great in any attire, whether it's a swimsuit or great new jeans for fall. Plus strong glutes help to improve posture and prevent knee and back pain. While many daily activities and high-intensity workouts engage the quadriceps, the posterior chain — your gluteal muscles and hamstrings — is often neglected, leading to tightness

in the ligaments that surround and stabilize the knee. By targeting your butt with one essential exercise, you can reduce your risk of injury and build strength around your spine, which will support good posture when you sit or stand for long stretches of time. Start toning that tush!

## MOVE OF THE WEEK: BRIDGE

**STEP 1:** Lie on your back with knees bent at 90 degrees, feet hip-width apart and hands at your sides.

**STEP 2:** Raise your hips as high as possible, engaging glutes and core.

Aim to form a straight line from your head to your knees. Hold the pose at the highest point for two to three seconds, then slowly lower back down to the floor.

**STEP 3:** Perform 20 reps.

## MOVIE PREVIEWS

### AMERICAN ULTRA

Kristen Stewart, Jesse Eisenberg,  
Topher Grace | R | Aug. 21

In this comedy-action flick, everything seems just fine for plaid-wearing, pot-loving couple Mike (**Jesse Eisenberg**) and Phoebe (**Kristen Stewart**) — until Mike learns that he's been brainwashed by the CIA. Suddenly, instead of lazing around on the couch, the sleeper agent finds himself fully capable of killing any enemy who comes his way. Using his robotlike combat skills, he must fight off Adrian Yates (**Topher Grace**), a government higher-up who wants to see him dead. But will he be able to evade his enemies long enough to run away and protect Phoebe?

Kristen Stewart's stoner character looks anything but vamped in this flick.

He's not Bond, but he sure can rock a suit!

### HITMAN: AGENT 47

Rupert Friend, Zachary Quinto,  
Hannah Ware | R | Aug. 21

For this thriller, Hollywood borrowed the main character from a popular video game by the same title. Known simply as 47 — the last two digits on his tattooed bar code — the genetically engineered agent (**Rupert Friend**) is sent on a mission to kill Katia van Dees (**Hannah Ware**). However, after learning that she too is genetically modified, he chooses to protect her, and the pair do their best to evade CIA agent John Smith (**Zachary Quinto**), who's out to learn more about their brand of artificial intelligence.

## CHRIS ALDRICH

STAR OF *DATING NAKED*

OK! Q&A

First dates can be awkward — but imagine how tough it would be if you and your date were in your birthday suits! “I was much more concerned about [her] comfort level than my own,” says **Chris Aldrich**, of VH1's *Dating Naked*. Read on to learn more about the revealing show.

**Going into the show, did you have any idea of what you were looking for in a romantic partner?**

I knew I wanted somebody very outgoing and adventurous, similar to myself — but in moderation, a good balance. It depends on the day of the week whether I'm looking for the angel type or the devil type.

**What's the first thing you notice about a woman?**

Honestly, eye contact is so important. I can tell so much about

somebody's personality through how they look back at me, like whether they're confident or passive. The first thing I do is look right into her eyes and see what I get back.

**Are you insecure about any of your physical attributes?**

I'm a pretty easygoing guy. There are certain things in life that you can and can't control. Whatever God gave you, what you're working with, that's out of your control. To swear about it and let it bother you is not worth it. My main concern was that the women I was dating were comfortable with themselves.

**What was your favorite date activity?**

The time we went scuba diving, or when we went inner tubing at, like, 50 miles per hour — that was pretty wild! I also got to shoot paintball guns. I loved pretty much all the active wild, crazy adventures. Thank God we weren't shooting at each other with the paintball guns!

Catch new episodes of *Dating Naked* on Wednesdays at 9 PM ET on VH1.
